Earth Camp Two

Breaking Ground - Awakening our Evolutionary Eyes

Waking up to the significance of this time on earth is also an opportunity to awaken latent, intuitive, creative qualities in each of us as we open our “evolutionary eyes” and engage in the process of co-creating a life sustaining society. OUR ecovillage is an inspiring location for doing this inner work. A tour of the village and an opportunity to work in the 3 acre permaculture garden will be part of our time together.

**Dates: August 13-14
Friday at 7:00pm
to Saturday at 5:00pm**

**Location: OUR Ecovillage
Shawnigan Lake**

Cost: Sliding Scale \$75 & up
